

MAVENS® SCIENTIFIC PUBLICATIONS CLOUD

# Create Clarity Across The Publications Lifecycle

See what's next when you connect the dots with people, data, and AI.

Mavens® Scientific Publications Cloud is an AI-driven Salesforce workflow solution for regulated environments.

Bring decision-making, collaboration, and review into one globally compliant platform.

Internal and external collaborators work together in real time, while built-in integrations like Altmetric and Dimensions empower teams to drive strategic planning and continuously monitor impact.

15+

years supporting medical affairs with solutions and services

150+

implementations of Mavens solutions across Top 20 Pharma and emerging

## Mavens Industry-Leading Publications Solution and Services

Built by experts and powered by Salesforce, the Mavens® Medical Affairs Suite solves the toughest workflow challenges across medical information, research & grants, and scientific publications.

### Transparent

Increase visibility into key milestones with a configurable timeline view.

### Integrated

Pre-built integrations include Altmetric for smarter decision-making on journal and congress selection.

### Scalable

Enterprise-grade scalability on Salesforce, supporting growth across the organization.

### Adaptable

Configurable to your SOPs and governance model, with security and role-based access across teams.

### Collaborative

Enable authors and reviewers to collaborate on shared documents in real time.

### AI Powered by Agentforce

Governed AI workflows that speed publications planning, review, and decision-making.
